

LAB510 Multi-purpose labeller, flap folder and tabber

The Universal LAB510 will apply labels to a wide variety of products at up to 4200 pieces per hour! The LAB510 can label DVD, Blu-Ray and Game Boxes, envelopes, cartons, phone or scratch off cards, lottery tickets, vouchers, in fact any product with a flat surface to maximum height of 2" (50mm) and width of 12.4" (310mm).

Labels can be in either fan fold or reel format. The LAB510 can be used as a standalone unit or incorporated in a production conveyor line. Multiple units can be placed in line to form a complete tabbing, labelling and bar coding system.

Labelling

The LAB510 can apply product, promotional, bar code or scratch off labels to any size of package up to 2" (50mm) high, 12.4" (315mm) wide and any length. The versatile LAB510 can use paper or plastic labels or tabs with clear or solid backgrounds.

LAB510

- Universal labeller
- High throughput – up to 4200 per hour
- Table-top unit
- Fully transportable
- Suitable for labelling jewel cases, DVD cases, audio cassettes, VHS cassettes, CD sleeves and more

Automatic feeding (option FF510)

The FF510 hopper will dispense paper, carton, plastic and Tyvek sleeves, Polybags, Ziplock bags, Jewel CD-Cases, DVD and GameBoxes, phone or credit cards and any other flat objects. The hopper automatically dispenses the products onto the conveyor belt where the product is labelled. The hopper can be refilled while the unit is running.

Flap folding (included in option FF500)

In addition to the automatic dispensing of cases and sleeves as outlined above, the optional FF500 also acts as an automatic flap folder, folding down the flaps of paper and Tyvek CD sleeves and other envelopes as they pass from the hopper onto the LAB500's conveyor belt. Even the most basic of sleeves can be folded and then secured with the addition of a label tab.

Tabber (option TT500)

The TT500 tabber option allows the LAB500 to apply and fold sealing tabs/labels round the edge of cases and cartons and open ends of cardboard sleeves. The tabs/labels can be paper or plastic, clear or solid.

LAB 510 Multi-purpose labeller, flap folder and tabber

LAB510
